

STAFF SELECTION COMMISSION

Combined Higher Secondary (10+2) Examination, 2015

Staff Selection Commission had declared the result of Combined Higher Secondary (10+2) (CHSL) Examination, 2015 on 29.07.2015.

Candidates were informed that the analysis of the data had revealed that 5792 candidates had appeared in the examination twice. It was also informed that out of 5792 candidates, based upon evaluation of last identified application, 334 candidates had qualified in the examination and their results were kept in abeyance.

It was further informed that evaluation was not done for 253 candidates (out of 5792, referred above) who were advised to contact the Regional Offices with all the requisite documents to clarify their position.

After a comprehensive review of the entire position, the Commission has decided to summarily cancel the candidature of all the 5792 candidates (including the 334 and 253 candidates mentioned above) for their having appeared more than once in the CHSL, 2015 examination, with the intent to secure an unfair advantage in violation of the terms of the advertisement.

The list of such 5792 candidates is annexed.

The Commission reserves to itself the right to cancel the candidature of any other candidate, in future, if it is discovered that he/she has appeared more than once in the CHSL, 2015 examination.

It may also be noted that at the time of the conduct of Tier-II (Descriptive paper) of CHSL, 2015, **the candidates would have to give an undertaking that they have appeared in the Tier-I exam of CHSL, 2015 only once.** Failure to give the said undertaking or giving a false undertaking would render their candidature liable for cancellation.

Under Secretary (C.I / I)
